FACING ETHICAL CHALLENGES AT THE BEDSIDE

This symposium targets the following medical professionals: physicians, registered nurses, social workers, chaplains, pharmacists, hospital administrators, and ethics committee members in the medical field.

SYMPOSIUM OBJECTIVES

On completion of this class, participants will be able to:

1. Identify key bioethical points to consider in end of life situations.
2. Describe spiritual approaches to bioethical conflicts at the end of life.
3. Discuss strategies for confronting difficult bioethical questions at the bedside.
4. Identify some of the legal challenges to good medical outcomes and the bioethical issues involved.
5. Site the ethical principles used in case conflict resolution.
