

Washington Hospital Support Groups

A diagnosis of cancer can turn a person's world upside down, leaving in its wake unanswerable questions and fear—of treatment, of side effects, but mostly of the unknown.

To address the psychological and emotional aspects of living with cancer, Washington Hospital has several support groups specifically designed to address the challenges of being newly diagnosed with cancer and being a long-term cancer survivor.

- *To register or for more information, please visit www.whhs.com/supportgroups or call (800) 963-7070.*
- *To learn more about cancer care at Washington Hospital, visit www.whhs.com/cancer/community-cancer-program.*
- *Support groups are free and open to the public.*
